The questions that appear on the ASP examination are written by subject matter experts, and every question is supported by a published reference. The following is a list of references that were frequently used during development of the ASP examination. This is not intended as a comprehensive list of all materials available to ASP candidates and should not be intended as a guaranteed means of passing the exam. Candidates are also strongly advised to become familiar with industry regulations, standards, and practices in preparing for the ASP certification examination.
